

Post Office Verification

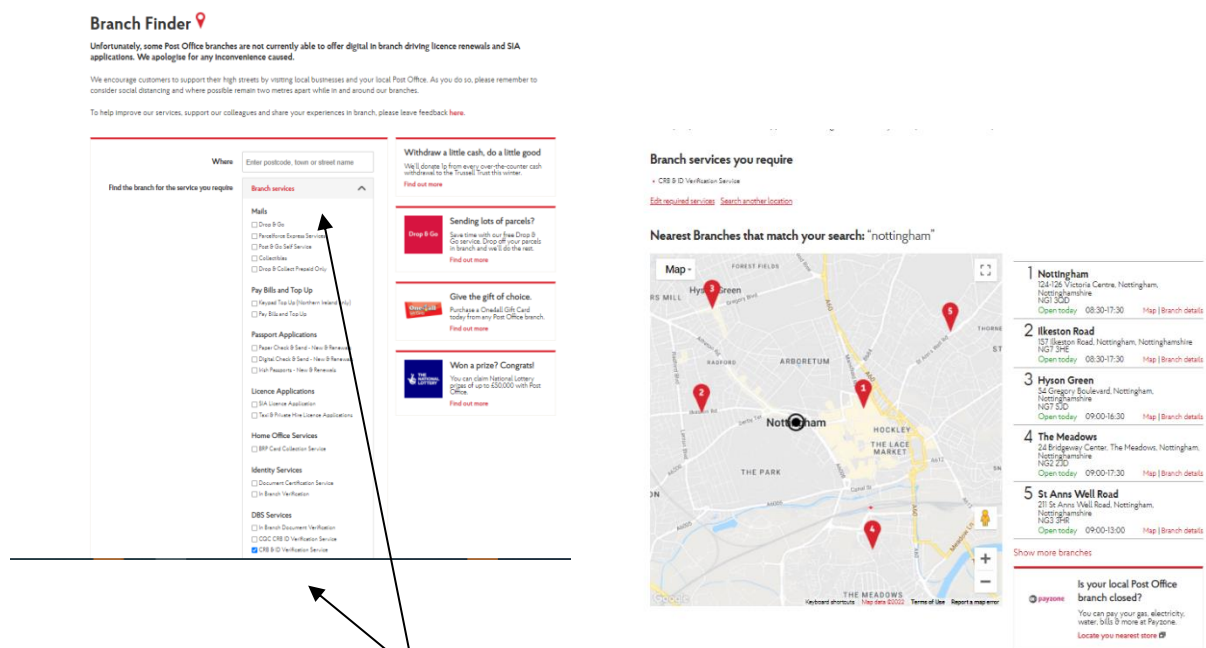

If you are required to take your Identity Documents to the Post Office for verification, please check that the branch you plan to go to offers this service.

To find the closest Post Office branch to you, click the link below and select

“CRB & ID Verification Service”

Please DO NOT select DBS ID VALIDATION SERVICE as this service is not compatible with the barcoded sheet you will be taking in for verification

Branch Finder

Unfortunately, some Post Office branches are not currently able to offer digital in branch driving licence renewals and SIA applications. We apologise for any inconvenience caused.

We encourage customers to support their high streets by visiting local businesses and your local Post Office. As you do so, please remember to consider social distancing and where possible remain two metres apart while in and around our branches.

To help improve our services, support our colleagues and share your experiences in branch, please leave feedback [here](#).

Where: Enter postcode, town or street name
